

3rd wave initiative pays attention to the cooperation of art at an universal level

3rd wave plans and organizes workshops and exhibitions at an universal level with the participation of domestic and foreign artists. Therefore, it carries on universal works and corporates with other initiatives.

3rd wave starts with the art to achieve all these targets

The art is the most powerful driving force by triggering our imaginations and feelings. Being conscious of this fact, 3rd wave encourages creativity.

3rd wave is conscious and responsible in being peaceful and intellectual artist. It follows agenda, creates an environment feeded with every kind of opinions and critical approaches. It pays attention to take joint action but in the meantime individual action. 3rd wave introduces a tendency of free, not entering under any power field and benefit. It is ütopian, pioneering, following and realizing today's problems.
